WEEK	FROM	2 August 2022		TO	5 August 2022
TUES					
WED	I read through the project plan issued to team members so that I have a better understanding before meeting with client				
THUR	I attended a meeting to discuss the project with our lecturer. It was an introduction to the project and what is expected from the team members.				
	I reviewed the project plan that was handed to us and started with my own project plan, but I could not complete it because our team did not meet with client yet.				
FRI	I attended a meeting with the client for the Graduate recruitment portal project where she explains the process that is being used.				
	I rewatched the recording of the meeting with the client and wrote a transcript of the requirements.
