

WORK INTEGRATED LEARNING (WIL) PROGRAMME

NAME OF COMPANY/PROJECT:		Graduate Requirement Portal				
WEEK	FROM	02 August 2022			TO	05 August 2022
TUES						
WED						
THUR	Today we had a team briefing on the Graduate Recruitment Portal.					
FRI	Today we met with the client, Bronwyn Abrahams. We went through the requirement needed to for students to qualify for their CV's to be acknowledged and sent away to companies. We were informed on the information that the client needs to have recorded for when companies request graduates.					
	A transcript was created which will contain the requirements and the functions which need to be completed by the portal.					
	Started on the data flow diagram which is due on Friday the 12 th of August.					
	Started working on the project plan which is due on Monday the 15 th of August.					

MENTOR EVALUATION	RATINGS (tick the relevant box)					STUDENT REFLECTION	
EMPLOYABILITY SKILLS	Requires Improvement	Inconsistent	Marginal	Competent	Excellent	EMPLOYABILITY SKILLS	
	1	2	3	4	5		
COMMUNICATION SKILLS						COMMUNICATION SKILLS	During the duration I feel my communication skills were excellent as I raised my opinions on matters and asked questions to ensure clarity throughout the meeting.
							I plan to communicate more as the project continues and raise my opinion in the times that it is most crucial.
PROBLEM SOLVING SKILLS						PROBLEM SOLVING SKILLS	I have begun to work on the project plan and data flow diagram. I feel that my problem-solving skills have mildly been put to the test as I am unfamiliar with data flow diagrams.
							As the task progresses, I will be given more tasks which will test my problem-solving skills more. As of now I feel my problem-solving skills are on par and not much improvement can be done at this point in time.
DECISION MAKING SKILLS						DECISION MAKING SKILLS	There weren't many decisions required of me except whether to join the meetings or not, so I feel that my decision-making skills up to this point were wise and valid.
							As the project progresses and more work is allocated to me, I plan on making more decisions which will have a larger impact on the work which will be completed.
TEAMWORK SKILLS						TEAMWORK SKILLS	My teamwork skills were average as I we have only been communicating on ensuing that the group processes have been decided on and sorting out some admin work.
							I plan to improve this as the project progresses and more work is provided for the team to work on.
TECHNICAL SKILLS						TECHNICAL SKILLS	The technical skills I have presented this week are the use of Team views.
							I plan to use more software as I work on my Project Plan and data flow diagram.
