

Faculty of informatics & Design, Department of Information Technology: SUMMARY OF WIL EXPERIENCE						
Week	FROM :	1 August			TO	5 August
Mon						
Tues						
Wed						
Thurs	We had a meeting with Mrs Prima this day where we went into detail on the project plan. We discussed a range of topics including what is expected of us in terms of submissions and attendance of meetings. We went into detail into specific submission dates in the form of a gharnt chart. We also discussed the way we would hand submissions and whether we would work as one big group or split ourselves up.					
Fri	We had a meeting with Mrs Prima and Mrs Abrahams this day to discuss the business process Mrs Abrahams has to go through with her work in the Graduation Recruitment department. After we received this information we were tasked with doing a data flow diagram and write down documentation on how we can help automate her processes and make them better. We also tasked with handing in logbooks for the week.					
Self-Evaluation	Requires Improvement	Inconsistent	Marginal	Competent	Excellent	Comments from Student

Communication Skill				X		During this week my communication skills has improved as I am group leader of many projects that I am working. I had great communication with my group mates during this week. We were working smoothly as I was reporting everything on the group.
Problem Solving Skills			X			My problem solving was not really tested this week and not much went wrong and needed specific attention. The only problem I had was not being able to attend the meeting on Thursday due to othe commitments
Decision Making Skills			X			This skillset of mine has been great lately since some decisions I made caused me to miss a meeting on Thursday
Teamwork Skills				X		I have been a great part of the team lately, following through on tasks and communication effectively
Technical Skills				X		Signature
