

WORK INTEGRATED LEARNING (WIL) PROGRAMME (Marvin Hope – 219445842)

NAME OF COMPANY/PROJECT:							
WEEK	FROM	1 st August 2022			TO	5 th August 2022	
TUES							
WED							
THUR Project presentation 3 (10:05 am – 10:57 am) (Meeting) – In the meeting, the ma'am was explaining that the Chuma (Student) was the group leader of the recruitment portal project. Ma'am also explained how to set up a data flow diagram and that our logbooks must be signed by the client to insure our progress. Ma'am suggested to Chuma that it will be beneficial to split the group into smaller groups to ensure efficient workflow and that it is manageable also.							
FRI Project presentation 3 (9:01 am – 9:44 am) (Meeting with the client) – In the meeting today we met the client (Bronwyn Abrahams) who is the recruitment officer for CPU. In the meeting, Bronwyn Abrahams mentioned the current system and the improvements that are required for the project. Bronwyn Abraham also mentioned that currently, she types out all the CV details from emails, which is not feasible for a large influx of students that are submitting their CVs. Mrs. Prima also stated that we as students must have our logbooks today (5 th August 2022) so that they can be signed by the client. Mrs. Prima also mentioned that we as students must make a transcript that contains the requirements and functions of the system. Mrs. Prima also mentioned that the data flow diagram is for next week Friday (12 th August). Mrs. Prima also stated that we must finish our data-flow diagram that is due on the (15 th of August 2022).

COMMUNICATION SKILLS					X		COMMUNICATION SKILLS For the communication skills, today (5 th August 2022) I met with the client (Bronwyn Abrahams) and the ma'am explained the current system that she is using for the submission of the CVs.
PROBLEM SOLVING SKILLS						X	PROBLEM SOLVING SKILLS For the problem-solving skills, while ma'am was explaining the current system that she is currently using, I noticed that it is not feasible for a huge influx of data (CV) via email. I have seen problems that can be fixed, one problem-solving data is using a database and sorting the data into categories and the registration progress can be saved on WordPress.
DECISION MAKING SKILLS						X	DECISION MAKING SKILLS For Decision-making skills, I have decided that it will be beneficial that implement a database and create an automation message for a successful or failed message to the student. For the registration process, using WordPress will be beneficial where the user will enter their details on the sheet and submit it on the site.
TEAMWORK SKILLS					X		TEAMWORK SKILLS For team skills, we as a team attended the meeting with the client and we discussed what are the requirements for the system to make sure that we meet the client's requirements.
TECHNICAL SKILLS				X			TECHNICAL SKILLS For technical skills, I have used Ms. Teams to attend the meeting.

NAME OF COMPANY/PROJECT:		Graduate Recruitment portal						
WEEK	FROM	16 th August 2022			TO	19 th August 2022		
TUES	Sunday (11:15 am – 13:25 pm) – I have completed my project plan and data flow diagram for the graduate recruitment portal. After completion, I have submitted the data flow diagram on MS Teams.							
	Monday (20:23 pm – 21:15 pm) – We as a group had a meeting discussing how to adjust the project plan that will fit the timeline doing the project. We as a group also discussed and decided which data-flow diagram looks more sortable for the system and to showcase it to the client.							
WED								
THUR								
FRI	Project presentation 3 (9:10 am – 9:51 am) (Meeting) – In the meeting, we as a group presented our Data flow diagram, explaining how the current system is operating. Bronwyn said that we as students didn't miss anything regarding the diagram and that ma'am was satisfied. Bronwyn once again stated that certain students handed in their logbooks incorrectly and once again ma'am stated her requirements. After the meeting, miss Prima stated our data flow diagram was incorrect and that we should improve on it. Miss Prima also stated that we as a group must now continue the development of the project to the next level, which is the automation level, which is a level 1 system.							
MENTOR EVALUATION		RATINGS (tick the relevant box)				STUDENT REFLECTION		
EMPLOYABILITY SKILLS		Requires Improvement	Inconsistent	Marginal	Competent	Excellent	EMPLOYABILITY SKILLS	
		1	2	3	4	5		
COMMUNICATION SKILLS				X			COMMUNICATION SKILLS	For communication skills, during our group meeting that we had in the week, I communicated to the group our current issues and the problem that we must address.
PROBLEM-SOLVING SKILLS					X		PROBLEM SOLVING SKILLS	For problem-solving skills, our project plan for the group was incorrect, then I took the liberty to fix it with the approval of the group.
DECISION MAKING SKILLS				X			DECISION MAKING SKILLS	For decision-making skills, in the meeting, we as a group had to choose the best data flow diagram, that was suited for the current system, and I selected the best data flow diagram.
TEAMWORK SKILLS					X		TEAMWORK SKILLS	For teamwork skills, I have attended all the group meetings and I have suggested my suggestions to the group, I have also worked alongside members of the group to complete the data flow diagram and the project plan.
TECHNICAL SKILLS					X		TECHNICAL SKILLS	For technical skills, I have used google meets (for our meeting), Lucid charts (Data flow diagram), WhatsApp (Voting the best data flow diagram) and excel (to produce the project plan).

WEEK	FROM	22 nd August 2022		TO	26 th August 2022
TUES					
WED					
THUR	Project presentation 3 (20:35 pm – 22:15 pm) – We as a group had a meeting based on the DFD (Data-flow-diagram), where we had to select the best DFD to present to the client. We as a group selected Mbuso DFD because it is very detailed and specific. In the meeting, I told the group that the project plan must be kept updated because we are currently not on the schedule.				
FRI	Project presentation 3 (9:01 am – 10:10 am) (Meeting) – In the meeting, we presented our DFD to the client, and Lyle presented our DFD to the client stating its functionality. Ma'am (Bronwyn Abrahams) also stated that certain sub-systems will not be necessary or included. Ma'am (Bronwyn Abrahams) also stated that the current system is using Facebook for the advertisement of the graduate recruitment portal. Ma'am (Bronwyn Abrahams) again stated that certain logbooks were inaccurate and that ma'am also stated that the logbooks are very important because the logbooks are for marks at the end of the year.

EMPLOYABILITY SKILLS	Requires Improvement	Inconsistent	Marginal	Competent	Excellent	EMPLOYABILITY SKILLS	
	1	2	3	4	5		
COMMUNICATION SKILLS				X		COMMUNICATION SKILLS	For communication skills, during our group meeting, I suggested that since our project plan is not on schedule, the person that was nominated to be our secretary should adjust our project plan effectively.
PROBLEM-SOLVING SKILLS					X	PROBLEM SOLVING SKILLS	For problem-solving skills, I have indicated in the group that some of the DFD (Data-flow-diagrams) could not be suitable for the client-specific requirements, in doing that, I did some research and come up with possible solutions to the problem.
DECISION MAKING SKILLS			X			DECISION MAKING SKILLS	For decision-making skills, when the group had to nominate which correct DFD was correct, I voted for the current DFD that fits with the client's requirements.
TEAMWORK SKILLS				X		TEAMWORK SKILLS	For teamwork skills, I have worked alongside the group solving our admin and DFD issues before the presentation to the client.
TECHNICAL SKILLS			X			TECHNICAL SKILLS	For technical skills, I have used discord, google Meet, blackboard, and Microsoft word.
