NAME OF COMPANY/PROJECT:						
WEEK	FROM	08/0802022			TO	12/082022
TUES						
WED	Today I woke up and I did some research and learnt what a flow diagram is and what a transcript. I did this so I could implement a desired outcome for the deliverables we have to submit for the two assignments due for the project.					
THUR	Today I implemented the flow diagram of the Graduate Recruitment Portal and went through the recording and files of the meetings we had so that I implement the correct diagram that was described by the client.					
FRI	Today I implemented the transcript of our group meeting with the client. I re listened to the recording of the meeting and converted the meeting to a transcript and jotted down all the important points raised.
