

WORK INTEGRATED LEARNING (WIL) PROGRAMME

NAME OF COMPANY/PROJECT:		GRADUATE RECRUITMENT PORTAL PROJECT			
WEEK	FROM	TO			14/10/2022
TUES	On this day, I was watching tutorials online just to see the guidance on how I will go for the conceptual of the UI (user interface) design of the project. I was committing some confusions when it comes about making the difference between Wireframe design and UI (user interface) design, but then I found the true meaning of the two concepts.				
WED	On this day, we had a meeting with my sub-group to discuss the whole concept of the UI design of the project. We had concluded to proceed in the same way of working by splitting tasks. We got connected all in marvel app platform to work all in collaboration.				
THUR	On this day, the meeting took place between students in the main group. We came up with our works and we have to vote which work to present to our client the next day.				
FRI	On this day, we had met up with our client for the presentation of the user interface work that we have done during the week. The client wasn't fully convinced and she requested us to do some review and come up with the suitable presentation to the next meeting.				

MENTOR EVALUATION	RATINGS (tick the relevant box)					STUDENT REFLECTION	
EMPLOYABILITY SKILLS	Requires Improvement	Inconsistent	Marginal	Competent	Excellent	EMPLOYABILITY SKILLS	
	1	2	3	4	5		
COMMUNICATION SKILLS						COMMUNICATION SKILLS	In overall, my communication skill is growing well compare before. I can now present the work done either by a small group or the main group.
PROBLEM SOLVING SKILLS						PROBLEM SOLVING SKILLS	My team members were confusing by implementing colors in the design, and I had to highlight the difference to them about wireframe and Prototype.
DECISION MAKING SKILLS						DECISION MAKING SKILLS	The decision making skills are fairly good, due to the heavy load we have currently, are helping me to making right decision in term of managing taks.
TEAMWORK SKILLS						TEAMWORK SKILLS	My skills about working in team is developing well, and right now, we are collaborating nice in the team.
TECHNICAL SKILLS						TECHNICAL SKILLS	I have learned more about Marvel platform for designing.
