

WORK INTEGRATED LEARNING (WIL) PROGRAMME

NAME OF COMPANY/PROJECT:		GRADUATE RECRUITMENT PORTAL				
WEEK	FROM	11 October 2022			TO	14 October 2022
TUES	This week's task was to come up with a User Interface (UI) for the Graduate Recruitment Portal website.					
	The task was divided into groups of 4, Chuma, Brady, Damone and I were in the same group.					
	We conducted a meeting in Google Meet to discuss on how the UI should be implemented. The decision was to create the UI using Figma.					
WED	Because none of us was familiar with Figma we decided for each team member to do some research on how to use Figma in creating a UI.					
	Later that day we had another meeting on Google meet to discuss what each team member had come with.					
	We then started to design the UI on what the had from wireframe, our design was based on what should be included on the UI					
THUR	My team of 4 member presented our final UI to the rest of the project team members.					
	The rest of the team members then had to make correction on what each team had presented.					
	Project team members then finalized with each team input on what should be included on the UI.					
FRI	Mbuso presented our final UI to our project client Ms. Abrahams where she indicated what we should include and what should not be included.					

MENTOR EVALUATION	RATINGS (tick the relevant box)					STUDENT REFLECTION	
EMPLOYABILITY SKILLS	Requires Improvement	Inconsistent	Marginal	Competent	Excellent	EMPLOYABILITY SKILLS	
	1	2	3	4	5		
COMMUNICATION SKILLS						COMMUNICATION SKILLS	Our group discussions were conducted on Google Meet, Teams, Discord and WhatsApp.
							Indicated what should be included on profile and search page to my group. Also identified the middle name field and that the upload should be on top of the submit button
PROBLEM SOLVING SKILLS						PROBLEM SOLVING SKILLS	I identified where the search bar should be placed and include identifying that the Student should upload a PDF CV
DECISION MAKING SKILLS						DECISION MAKING SKILLS	I was involved in deciding the that we should use Figma to create UI for the Graduate Recruitment Portal
TEAMWORK SKILLS						TEAMWORK SKILLS	Collaborated with group of 4 and project team members to come up with a UI.
							Identified where the search button should be included.
TECHNICAL SKILLS						TECHNICAL SKILLS	Learnt how to use Figma to create UI.
