

DEPARTMENT OF INFORMATION TECHNOLOGY

APPLICATIONS DEVELOPMENT THEORY 4 (APT470S)

Assignment 3

This assignment extends the Tourism system you have been working on by taking into account the pandemic we find ourselves in. You would like to remain successful and profitable so this assignment focusses on the operations needed to keep the system working in keeping the business requirements for COVID-19 compliance in Stage 3 of lockdown in South Africa. Here are the rules for this assignment –

- It is a group assignment where each group consists of a maximum of 3 members only.
- Students are required to create their own BB groups for this assignment by 26/8/2020.
- The assignment counts 5% of your remaining marks for APT470S.
- You are required to develop your solutions to in accordance to the requirements listed in the mark sheet below.
- A single group submission needs to be presented in a Pecha Kucha format and uploaded on to BB on 14/9/2020.

	Task	Marks
	Software evolution topics	
1	Create group on BB	3
2	Since your system will need to change discuss the change process needed for the system to be compliant and operational. Remember to include details of how you would implement the change.	10
