

Project 4

4th year Advanced Diploma

Term 2 (T2) (Weight = 30%)

Detailed design Presentation

Due Date: 20th Aug 2020

Prepare a PPT showing the design of what you are intending to build and how it can be integrated to the final outcome. Show how much you have achieved through your individual contribution. The Individual are rated according to each of the following variables.

MODERATED: NO

EXAMINER: AMLAN MUKHERJEE

Group Number: _____

Members:

No.	Surname, Initial	Student Number									
1											
2											
3											
4											
5											
6											
7											

	Exemplary (81 .. 100)%	Proficient (41 .. 80)%	Partially Proficient (11 .. 40)%	Unsatisfactor y (0 .. 10)%	
1. Presentation Skill (20)					
1.1	Student Presents Information in a logical Sequence				/5
1.2	Student lays out the problem and establishes a framework for the rest of the presentation				/5
1.3	There is a conclusion summarizing the presentation				/5
1.4	Length of presentation is within the assigned time limits				/5

2. Research and Test Plan Creation (130 marks.)		
2.1	Clearly understanding and explain the domain area of the problem	/20
2.2	Explains the Aim and objectives of the project / research and how it will address the problem statement	/10
2.3	Pre-conditions specify conditions that need to exist for the scenario to begin.	/10
2.4	Clearly explains a dataset required for testing / comparing the output of the research / project	/10
2.5	Normal flow of events describes the steps the scenario follows (usually 5-10 steps) to completion. Each step in the scenario is 1. Phrased as a goal that succeeds 2. Makes clear which actor is driving the step 3. Avoid using if statements with the steps in the scenario	/15
2.6	Possible error conditions included for each of the scenario steps	/10
2.7	Post-conditions describe the state of the system if the scenario completes successfully.	/10
2.8	Are the features to be tested specified?	/10
2.9	Does the approach include entrance and exit criteria?	/10
2.10	Are the pass/fail criteria specified?	/10
2.11	Acronyms to be identified	/5
2.12	Has at least two graphs / tables / diagrams to explain the problem area	/10
TOTAL MARKS (130)
