FACULTY OF INFORMATICS & DESIGN

Diploma in Information & Communication Technology

BUSINESS PRACTICE:

BPR152S

SUBJECT GUIDE:	2020
COURSE CODE:	BPR152S
NQF LEVEL:	5
PREREQUISITE SUBJECTS:	none

Learning Design for: Business Practice

Context

Topic: Business Practice - BPR152S

Total learning time: 100 hours

Designed learning time: 15 hours and 25 minutes

Size of class: 150

Description: Business Practice is a mandatory subject and forms part of the New National Diploma in Information and Communications Technology in IT Services Management (ND: ICT ITSM).

Mode of delivery: Wholly online

Aims

Business Practice will take you on a journey of introducing you to the various business concepts, terminology that's used in the world of business today. By the end of this business course, you will have an appreciation of understanding the various factors that can affect a business both inside and outside the organization. We will also provide you with a brief survey of the major functional areas of a business, including management, accounting, finance, economic and information technology. In addition, we will introduce you to important concepts such as forms of ownership, small businesses and entrepreneurship.

Outcomes

Recognise (Knowledge): Recognize the current trends in the world of business

Explain (Comprehension): explain concepts used in the business world

Demonstrate (Application): Gain practical knowledge on how to register a business in South Africa.

Identify (Comprehension): Examine information that is necessary for effective decision making and where it can be found.

Differentiate between (Analysis): Differentiate between traditional and e-commerce business

Derive (Synthesis): Develop an entrepreneurial mindset; teaches skills such as business planning, negotiation, financial literacy and problem solving.
