IT Essentials v7.0: Laptops and Other Mobile Devices

Chapter 7: Online Study Questions

Directions: Use the online curriculum in chapter one to answer the following questions.

Curr	Question	Answer
7.1	Characteristics of Laptops and other mobile devices	
7.1.1	Mobile Device Overview	
7.1.1.4	1. How are smart phones different from laptops?	
	2. What OS does Android phones use?	
	3. What OS does Apple phones use?	
	4. Software for smartphones is usually limited to apps that can be downloaded from	
	5. What option does smartphones use for voice, text, and data services?	
	6. What other connections do smartphones use?	
7.1.2	Laptop Components	
7.1.2.1	Watch Video	“External Features Unique to Laptops”
7.1.2.2	Watch Video	“Common Input Devices and LEDs in Laptops”
7.1.2.3	7. Are there standards for Laptop motherboard size and shape?	
	8. True or False Components designed for a laptop generally can be used in a desktop	
7.1.2.4	9. What type of memory modules are used in laptops?	
7.1.2.6	10. What is the purpose of the Function (Fn) key?	
7.1.2.7	Watch Video	“Docking Station Versus Port Replicator”
	11. What makes a port replicator a better design for multi-vendor devices	
7.1.3	Laptop Display Components	
7.1.3.1	12. List the tree Types of Laptop displays	
7.1.3.3	13. Describe the purpose of backlight in LCDs and list the 2 types used	
	14. What is the purpose of the inverter?	

	15. What type of backlight do LED monitors use?	
	16. Complete the ACPI states table	
	State	Description
	S0	
	S1	
	S2	
	S3	
	S4	
	S5	
7.2.1.4	Watch Video	“Managing Laptop Power Options”
7.2.2	Wireless Configuration	
7.2.2.1	17. What is the IEEE number for Bluetooth	
	18. What technology is used to set up a personal area network (PAN)	
	19. Before installing and configuring a device, make sure that Bluetooth is enabled in the _____.	
	20. You can also access a cellular network by using a cellular _____ device.	
7.3	Laptop Hardware and Component Installation and Configuration	
7.3.1	Expansion slots	
	21. List two types of smart card readers	
7.3.1.4	22. Describe the memory module used in laptops. (Include pin numbers)	
7.3.1.5	View the video demonstration –Install SODIMM	
7.3.2	Replacing Laptop Components	
7.3.2.1	23. List Customer replaceable units (CRUs) for a laptop	
	24. List Field replaceable units (FRUs) for a laptop	
7.3.2.2	Watch Video Demonstration – Keyboard replacement	
7.3.2.3	Watch Video Demonstration – Screen replacement	
7.3.2.6	Watch Video Demonstration – DC Jack Replacement	

7.3.2.8	25. What are the sizes of laptop internal storage devices	
7.3.2.9	Watch Video Demonstration- Internal Storage and Optical Drive Replacement	
7.3.2.11	Watch Video Demonstration – Wireless Card Replacement	
7.3.2.12	Watch Video Demonstration – Speaker Replacement	
7.3.2.13	Watch Video Demonstration – CPU Replacement	
7.3.2.14	Watch Video Demonstration – Motherboard Replacement	
7.3.2.15	Watch Video Demonstration – Plastic Frames
