

DEPARTMENT OF INFORMATION TECHNOLOGY						
WEEK	FROM				TO	
MON	On this day, there wasn't any work done related to Grad Recruitment project.					
TUES	On this day, there wasn't any work done related to Grad Recruitment project.					
WED	On this day, there wasn't any work done related to Grad Recruitment project.					
THUR	On this day, in the evening I read some few blogs about data flow diagrams. I then went to an online chart drawing app called Lucid Chart and began making my Data Flow Diagram based on my transcript.					
	After making the Data Flow Diagram, I combined it with the Transcript that I made last week Friday.					
FRI	On this day, there wasn't any work done related to Grad Recruitment project.					
SELF-EVALUATION	RATINGS (tick the relevant box)					
EMPLOYABILITY SKILLS	Requires Improvement	Inconsistent	Marginal	Competent	Excellent	Student's reflection
	1	2	3	4	5	
Communication Skill			X			.
Problem Solving Skills			X			I did not come across any problems relating to the project yet.
Decision Making Skills					X	I had to decide which application to use to make the Data Flow Diagram because the one I always use called visual paradigm did not give me what I needed.
Teamwork Skills			X			There wasn't any work done in teams for the past two days regarding the project.
Technical Skills					X	I learned how to make a Data Flow diagram at different levels. My diagram is a combination of Level 0 & 1 design.

Name of Project

Graduation Recruitment System
