[ADIP-Supervisor Review] Ethics Declaration for Thabiso Matsaba - Supervisor: Dr K Ohei

Dear , Dr K Ohei

Please receive and review the Ethics Application for Thabiso Matsaba.

Their submission details are:

Student number: 220296006

Student email: 220296006@mycput.ac.za

Research Topic or Project Title

The Adoption of Cloud Computing by Small to Medium Enterprises in South Africa

Description of study:

This study examines the adoption of cloud computing by Small and Medium Enterprises (SMEs) in South Africa, with a focus on identifying and understanding the drivers, barriers and enabling factors that shape technology uptake in this context. Grounded in a review of both local and international published literature, the study explores why South African SMEs, despite the well-documented potential of cloud computing to reduce costs, improve operational flexibility and enhance competitiveness, continue to adopt cloud-based solutions at a rate that falls short of this potential.

No

Answers to Ethics Questions:

1. Does your research involve the collection or gathering of information from human subjects?

Ans: No

2. Does your research pose any potential harm (physical, psychological, financial, emotional) to your participants?

Ans: No

If you answered YES to the above, identify the potential harm and clearly state the ways you intend to minimize such harm.

N/A

3. Does your research involve the collection or gathering of information/data from the following groups?

Children less than 18 years of age: No

People with physical/mental disabilities: No

Vulnerable children or adults: No

Groups/individuals, who have a relationship with the researchers: No

4. Will you offer your research participants/respondents any incentives?

Ans: No

5. If you answered YES to (4) please clarify what the incentives are.

Ans: N/A

6. Will you seek informed consent from all your participants?

Ans: N/A

7. If so, how will informed consent be obtained?

Ans:

Signed written consent form? N/A

Verbal consent? N/A

8. Will participants' contributions to your research be protected and their privacy be assured?

Ans: Yes

9. Will participants' identities be protected through anonymisation in the research report?

Ans: Yes

10. Will all completed questionnaires and other analysis information be securely stored (password protected)?

Ans: Yes

I declare this submission to be honest and with due regard for ethical considerations

Ans: Yes

Date/Time of submission: Sunday, March 15, 2026 12:18:35 PM

As supervisor, you may approve or reject the submission. The student will receive an email with your decision.

If you approve it, it will be sent to the Ethics Representative of the Department for final consideration.

Regards

Department of Information Technology

It would have been a ideal to explain the nature of data that you will be collecting since it doesn't involve human involvement or participation.
